## Studio Lawrence

Balance your room's equation with the geometric **Raising Lantern** stackable lighting system. Created by Patrick O. de Louwere and Bart Eijking, this collection offers 21 design options—10 drums and 11 coolies—to choose from for floor or pendant lighting. Floor lamps can approach 8 feet 9 inches tall. 31-10-225-0464; [studiolawrence.com](http://studiolawrence.com). **circle 670**

Minimalists will light up. At first glance, the **La Dodo** appears as a segment of wall that has been peeled back to reveal an unexpected light source. To this recessed wall sconce one can apply any finish to match the surrounding wall, producing a seamless effect. It takes a 42-watt fluorescent or 150-watt halogen bulb. Watts not to love? 323-653-5635; [pluglighting.com](http://pluglighting.com). **circle 671**

## Urban Archaeology

Two elements set apart the rock candy-like confection that is the **Gio Ponti** chandelier. Forty-one glass cubes, designed by the Italian architect who lends the lamp
