## Dutch Flowers wall hanging

# studio Lawrence

Dutch Flowers are Studio Lawrence's bespoke wall tapestries made from 100% wool felt.

Dutch Flowers use bespoke designs, developed from one-off sketches by the Studio Lawrence designers. The flowing hand drawn lines used to create the designs complement the central theme of nature, with the images centering on flowers, fish and birds. The design and size of each tapestry is tailored to the individual wall space and can be made in any combination of colours, creating utterly unique and tactile wall coverings.

The felt used in Dutch Flowers is environmentally friendly, sourced from Germany's leading supplier, reinforcing Studio Lawrence's belief in using only the highest quality European materials and manufacturing. Dutch Flowers improves acoustics, adding warmth and a distinctive visual statement to the home, office or public spaces.
